

Sarkis Limited commitment to the UK Stewardship Code

Under Rule 2.2.3R of the FCA's Conduct of Business Sourcebook, Sarkis Limited (the "Firm") is required to include on this website a disclosure about the nature of its commitment to the UK Financial Reporting Council's Stewardship Code (the "Code") or, where it does not commit to the Code, its alternative investment strategy. The Code is a voluntary code and sets out a number of principles relating to engagement by investors with UK equity issuers. Investors that commit to the Code can either comply with it in full or choose not to comply with aspects of the Code, in which case they are required to explain their non compliance.

The seven principles of the Code are that institutional investors should:

- Publicly disclose their policy on how they will discharge their stewardship responsibilities;
- Have and publicly disclose a robust policy on managing conflicts of interest in relation to stewardship;
- Monitor their investee companies;
- Establish clear guidelines on when and how they will escalate their activities;
- Be willing to act collectively with other investors where appropriate;
- Have a clear policy on voting and disclosure of voting activity; and
- Report periodically on their stewardship and voting activities.

The Firm provides investment management services to various clients pursuant to investment strategies that do not involve trading equities. Accordingly, while the Firm supports the objectives that underlie the Code, it has chosen not to commit to the Code at this time.

Should the Firm consider launching investment strategies involving equities at a future date it will review its position in this regard and update it accordingly and as appropriate for the relevant jurisdictions.

For further information on the Firm's approach contact: neil@sarkisfund.com
